

..... GET THE KETTLE ON FOR YOUR

TYPE 1 TEA PARTY!

RAISING MONEY FOR TYPE 1 DIABETES RESEARCH
TOGETHER, WE CAN CREATE A WORLD WITHOUT TYPE 1 DIABETES

All funds raised will be split between funding Irish Type 1 Research through D.I.R.A. and International Type 1 Research through JDRF UK.

#PutTheKettleOn

How your tea helps

YOUR TEA WILL MAKE THE WORLD OF DIFFERENCE

We'd love it if you could get your kettle on to raise as much as you can to support us. That's because whatever you raise will help us to create a world without type 1 diabetes.

Until that day, we'll...

- Fund world-class pioneering research to cure, treat and prevent type 1 diabetes
- Make sure research moves forward and treatments are delivered to you as fast as possible
- Give support, with packs and information, to help your loved ones who live with the condition

Hosting your event

PICK YOUR DATE

- We're asking everyone to host their tea party on or around Saturday 21st April. But if that date doesn't suit please pick a date that works for you!

If choosing a different date before you set a date it may be worth considering what else is going on at the time that might prevent people from attending, for example, other small local events in your area. If you can't throw your party during these dates, don't worry, just choose a date that suits you.

INVITE PEOPLE

- As well as inviting your family and friends, why not include colleagues or even open your event to the local community? Everyone will love to be invited and chances are they won't want to miss out on a piece of cake!

HOLD YOUR TYPE 1 TEA PARTY

- Your home, school or workplace is the ideal place to hold a Type 1 Tea Party, but if this is not possible then try to pick a venue that is easily accessible.

SEND IN THE MONEY YOU RAISED

- You will find more information later on in this pack that will guide you through sending in the money you have raised.

Your fundraising target

SET YOUR TASTY TARGET

could pay for the 'food' needed to keep cells alive in the laboratory for a day

could buy a scientist a lab coat and a pair of gloves

could help us get an information pack to an adult or child newly diagnosed with type 1 diabetes

could pay for the kit used to prepare 25 DNA samples for analysis

could pay for a month's supply of islets for researchers working on a new way to 'encapsulate' the cells ready for transplant

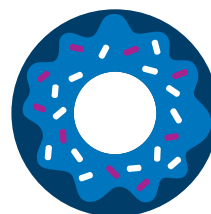

could pay for a CGM and sensors for a participant in the artificial pancreas trials

ASKING FOR DONATIONS

Don't be shy about asking for donations. Many people will be happy to give money or pay a little more when they know it's going to charity. It might help to tell people a little bit about the work we do. Our website has lots of information you can share with your party-goers.

Fundraising ideas

THE ICING ON THE CAKE

Charging for tea and cake aren't the only ways to raise money. How about holding a raffle, treasure hunt, best bake competition, herbal tea taste test or second-hand book sale, too?

We also have a tea party quiz you can download to add that little bit more to your tea party!

THE CHERRY ON TOP

You could invite along a local celebrity, your local sports hero or local TD. This could bring in the crowds and help you to raise even more money.

Returning the money you raise

WELL DONE ON PUTTING ON A BRILLIANT EVENT!

Now all that's left for you to do is to return the money you've raised. You can do this:

ONLINE: It's really simple to pay in your money online – just fill in the quick donation form at diabetes.ie/donate

POST: If you'd prefer to send a cheque (no cash in the post please), don't forget to add a note to tell us who you are, what you did and where you held your event. Please send your cheque and note to Diabetes Ireland, 19 Northwood House, Northwood Business Campus, Santry, Dublin 9.

BANK: Lodge at your local bank to the Diabetes Ireland account:
Account Name - Diabetes Federation of Ireland. Bank Name - Bank of Ireland. Bank Address - O'Connell Street, Dublin 1. Sort Code - 90-00-33. Account # - 94748473.

We really appreciate your support and help
to create a world without type 1 diabetes.
