Re: Scaling EUROpean citizen driven transferable and transformative digital health (SEURO): An Effectiveness-Implementation Hybrid Trial

Dear Julie,

The Ethics Application for the above study was considered at the School of Health Science Committee dated 17th May 2022. I acknowledge the amendments which you sent to me dated the 7th July 2022. This study is now approved. Please can you send me a copy of the HSE REC letter upon receipt for the file.

On behalf of the Committee wishing you the best of luck with your Research.

Yours Sincerely,

A handwritten signature in black ink that reads 'Edel Healy'. The signature is written in a cursive style with a large, looping flourish at the end.

Dr. Edel Healy
Chair of School of Health & Science Ethics Committee
